▶ ABOUT US

Worthy Group offers a comprehensive range of high-quality support services to the mining and construction industry. Established in 2014 with Worthy Parts, the group has expanded its services to include Asset Disposal, Machinery and Component Sales, Heavy Mobile Plant Maintenance, Auctions, Freight & Logistics and specialised Marketing Services.

▶ MISSION

Through the Worthy Group individual business units, we provide wholistic solutions that help optimise HME maintenance, reduce downtime and lower costs.

▶ VISION

Worthy Group has gained a wealth of industry experience and business connections allowing our companies to work in collaboration to provide complete solutions to our clients.

THE WORTHY GROUP ADVANTAGE

WHY WORTHY GROUP

Worthy Group unites a network of trusted, specialised businesses providing complete support solutions to the mining and construction industries. Through collaboration between our divisions, we simplify complex operations, reduce downtime, and deliver value at every stage of an asset's lifecycle.

Built on strong foundations in the Goldfields, our reputation is built on Safety, Honesty & Integrity, Reliability, Transparency, Loyalty, Community and Results. Today, our divisions **Worthy Parts**, **Worthy Engineering**, **Worthy Freight**, **Worthy Auctions** and **Industry Link Media** work collectively to provide clients with a seamless, end-to-end service from procurement to disposal.

Led by a team of qualified tradesmen, experienced managers and an industry-savvy sales and support network with global reach, our integrated model simplifies project delivery, enhances efficiency and ensures consistent quality. Strong internal communication across our teams means clients benefit from clear updates, faster decision making and a more responsive service experience.

LET YOUR HEADACHE BECOME OUR CHALLENGE

Worthy Freight is dedicated to providing hassle-free freight solutions tailored for mine site operations. Recognising the need for seamless service delivery, the establishment of a specialised Freight and Haulage division was a natural progression within the Worthy Group's diverse portfolio.

SERVICES WE PROVIDE:

- ✓ Machinery Floats: Road Trains, B-Doubles, 9T Flat Top, 12T Tilt Tray, 25T Drop Deck, 50T & 80T Rated Floats.
- ✓ Interstate Freight
- ✓ General Freight
- ✓ Kalgoorlie Local, Perth Metro & East/West Services

SIMPLIFYING EQUIPMENT TRANSACTIONS

Worthy Auctions delivers a streamlined platform for asset transactions within the Worthy Group, creating efficient and transparent connections between buyers and sellers. Designed to complement Worthy Parts' traditional sales model, it extends into the auction equipment market with global scalability. Worthy Auctions provides a secure, professional, and user-friendly experience.

SERVICES WE PROVIDE:

- ✓ Online Auction Sales
- ✓ Global Sales Network Access
- ✓ Multiple Sales Outlets
- ✓ Industry-Specific Expertise
- ✓ Secure Auction Platform
- ✓ Scalable Solutions

SERVICES WE PROVIDE:

- ✓ Brand Development & Strategy
- ✓ Marketing Campaigns
- ✓ Talent Attraction & Retention Marketing
- ✓ Content Creation
- ✓ Industry Networking & Connections
- ✓ Creative Media Solutions

ENVIRONMENTAL COMPLIANCE & SUSTAINABILITY

Environmental Compliance & Sustainability

At Worthy Group, environmental responsibility is integral to our operations. We recognise the importance of sustainable practices across the mining, construction, and logistics sectors, and actively work to minimise our environmental footprint while maximising resource recovery.

Through our Integrated Disposal Framework (IDF), we ensure that asset disposal and site clean-up activities are conducted in accordance with environmental regulations and industry best practices. Our approach prioritises recycling, repurposing, and responsible waste management to reduce landfill impact and promote circular economy principles.

Our Environmental Commitments Include:

- Compliance with all relevant environmental legislation and standards
- Responsible dismantling, recycling, and disposal of machinery and components
- Identification and segregation of recyclable materials during site clean-up
- Collaboration with certified recycling partners and waste processors
- Continuous improvement through audits, training, and innovation

We believe that sustainable operations are not only good for the environment, they're essential for long-term industry success. Worthy Group is proud to lead by example, delivering solutions that are safe, compliant, and environmentally conscious.

OUR COMMITMENT TO THE COMMUNITY

COMMUNITY INVOLVEMENT

At Worthy Group, we believe in the power of community.

Proudly built in the Goldfields, we understand the importance of supporting the people and places that have supported us.

Our team is passionate about giving back through sponsorships, local engagement, and active involvement in community initiatives. We proudly support a range of local sporting teams, events, and charities, helping to strengthen connections, promote teamwork, and inspire the next generation.

Whether it's backing junior sports, contributing to regional events, or lending a hand to local causes, we're committed to making a positive impact both on and off the job site.
